Professional Learning Consultant

Erin is a passionate educator with over 15 years experience in teaching. She has worked in the education sector in Australia, New Zealand, England and Kenya as a classroom teacher and mentor.

Erin comes with extensive practical knowledge of what effective VL+ looks and feels like in the classrooms as the result of implementing, and leading colleagues implementation of Visible Learning+ for over 4 years. The most significant impact of this experience on student learning was shown in students' ability to autonomously and intrinsically articulate the use of learning strategies and dispositions, celebrate progress and above all else, gain increased levels of student clarity.
